**Harmon Releases Audit of Union County Sheriff's Unmined Coal Tax Settlement**

**FRANKFORT, Ky.** – State Auditor Mike Harmon today released the audit of the sheriff's settlement – 2015 unmined coal taxes for Union County Sheriff Mickey Arnold. State law requires the auditor to annually audit the accounts of each county sheriff. In compliance with this law, the auditor issues two sheriff's reports each year: one reporting on the audit of the sheriff's tax account, and the other reporting on the audit of the fee account used to operate the office.

Auditing standards require the auditor's letter to communicate whether the sheriff's settlement presents fairly the taxes charged, credited and paid in accordance with accounting principles generally accepted in the United States of America. The sheriff's settlement is prepared on the regulatory basis, which is described in the auditor's opinion letter. Regulatory basis reporting for the sheriff's settlement is an acceptable reporting methodology, and this reporting methodology is followed for all 120 sheriff settlements in Kentucky.

The sheriff's financial statement fairly presents the taxes charged, credited and paid for the period, July 21, 2015 through August 19, 2016 in conformity with the regulatory basis of accounting.

As part of the audit process, the auditor must comment on non-compliance with laws, regulations, contracts and grants. The auditor must also comment on material weaknesses involving the internal control over financial operations and reporting.

The auditor noted no instances of noncompliance. The auditor also noted no matters involving internal control over financial reporting and its operation that were considered to be material weaknesses.

The sheriff's responsibilities include collecting property taxes, providing law enforcement and performing services for the county fiscal court and courts of justice. The sheriff's office is funded through statutory commissions and fees collected in conjunction with these duties.

The audit report can be found on the [auditor's website](#).
