Independent Auditor's Report

#### **Report on the Financial Statement**

We have audited the accompanying Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Edmonson County Fiscal Court, for the year ended June 30, 2021, and the related notes to the financial statement, which collectively comprise the Edmonson County Fiscal Court's financial statement as listed in the table of contents.

#### Management's Responsibility for the Financial Statement

Management is responsible for the preparation and fair presentation of this financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on this financial statement based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Audit Guide for Fiscal Court Audits* issued by the Auditor of Public Accounts, Commonwealth of Kentucky. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statement. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statement, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statement in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statement.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Wil Cannon, Edmonson County Judge/Executive
Members of the Edmonson County Fiscal Court

#### Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles

As described in Note 1 of the financial statement, the financial statement is prepared by the Edmonson County Fiscal Court on the basis of the accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws, which is a basis of accounting other than accounting principles generally accepted in the United States of America.

The effects on the financial statement of the variances between the regulatory basis of accounting described in Note 1 and accounting principles generally accepted in the United States of America, although not reasonably determinable, are presumed to be material.

#### Adverse Opinion on U.S. Generally Accepted Accounting Principles

In our opinion, because of the significance of the matter discussed in the Basis for Adverse Opinion on U.S. Generally Accepted Accounting Principles paragraph, the financial statement referred to above does not present fairly, in accordance with accounting principles generally accepted in the United States of America, the financial position of the Edmonson County Fiscal Court as of June 30, 2021, or changes in financial position or cash flows thereof for the year then ended.

#### **Opinion on Regulatory Basis of Accounting**

In our opinion, the financial statement referred to above presents fairly, in all material respects, the fund balances of the Edmonson County Fiscal Court as of June 30, 2021, and their respective cash receipts and disbursements, and budgetary results for the year then ended, in accordance with the basis of accounting practices prescribed or permitted by the Department for Local Government as described in Note 1.

#### **Other Matters**

Supplementary and Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statement taken as a whole of the Edmonson County Fiscal Court. The Budgetary Comparison Schedules (supplementary information) and Schedule of Capital Assets (other information) are presented for purposes of additional analysis and are not a required part of the financial statement; however, they are required to be presented in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws.

The accompanying Budgetary Comparison Schedules are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the financial statement. Such information has been subjected to the auditing procedures applied in the audit of the financial statement and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statement or to the financial statement itself, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the Budgetary Comparison Schedules are fairly stated in all material respects in relation to the financial statement as a whole.

The Schedule of Capital Assets has not been subjected to the auditing procedures applied in the audit of the basic financial statement, and accordingly, we do not express an opinion or provide any assurance on it.

To the People of Kentucky
The Honorable Andy Beshear, Governor
Holly M. Johnson, Secretary
Finance and Administration Cabinet
The Honorable Wil Cannon, Edmonson County Judge/Executive
Members of the Edmonson County Fiscal Court

#### Other Reporting Required by Government Auditing Standards

In accordance with Government Auditing Standards, we have also issued our report dated April 19, 2022, on our consideration of the Edmonson County Fiscal Court's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards in considering the Edmonson County Fiscal Court's internal control over financial reporting and compliance.

Based on the results of our audit, we present the accompanying Schedule of Findings and Responses, which discusses the following report findings:

2021-001 The Edmonson County Fiscal Court Does Not Have Adequate Internal Controls Over Procurement
2021-002 The Edmonson County Fiscal Court Failed To Accurately Record The Activity Of The General

#### EDMONSON COUNTY NOTES TO FINANCIAL STATEMENT

June 30, 2021

#### **Note 1. Summary of Significant Accounting Policies**

#### A. Reporting Entity

The financial statement of Edmonson County includes all budgeted and unbudgeted funds under the control of the Edmonson County Fiscal Court. Budgeted funds included within the reporting entity are those funds presented in the county's approved annual budget and reported on the quarterly reports submitted to the Department for Local Government. Unbudgeted funds may include non-fiduciary financial activities, private purpose trust funds, and internal service funds that are within the county's control. Unbudgeted funds may also include any corporation to act as the fiscal court in the acquisition and financing of any public project which may be undertaken by the fiscal court pursuant to the provisions of Kentucky law and thus accomplish a public purpose of the fiscal court. The unbudgeted funds are not presented in the annual approved budget or in the quarterly reports submitted to the Department for Local Government.

The Edmonson County Tourist and Convention Commission, Edmonson County Industrial Authority, and Edmonson County Recreational Commission would have been included in the reporting entity under accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. However, under the regulatory basis they are no longer required components of the reporting entity.

#### B. Basis of Accounting

The financial statement is presented on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board. This basis of accounting involves the reporting of fund balances and the changes therein resulting from cash inflows (cash receipts) and cash outflows (cash disbursements) to meet the financial reporting requirements of the Department for Local Government and the laws of the Commonwealth of Kentucky.

This regulatory basis of accounting differs from GAAP primarily because the financial statement format does not include the GAAP presentations of government-wide and fund financial statements, cash receipts are recognized when received in cash rather than when earned and susceptible to accrual, and cash disbursements are recognized when paid rather than when incurred or subject to accrual.

Generally, except as otherwise provided by law, property taxes are assessed as of January 1, levied (mailed) November 1, due at discount November 30, due at face value December 31, delinquent January 1 following the assessment, and subject to sale ninety days following April 15.

#### C. Basis of Presentation

#### **Budgeted Funds**

The fiscal court reports the following budgeted funds:

General Fund - This is the primary operating fund of the fiscal court. It accounts for all financial resources of the general government, except where the Department for Local Government requires a separate fund or where management requires that a separate fund be used for some function.

#### **Note 1.** Summary of Significant Accounting Policies (Continued)

#### C. Basis of Presentation (Continued)

#### **Budgeted Funds** (Continued)

Road Fund - This fund is for road and bridge construction and repair. The primary sources of receipts for this fund are state payments for truck license distribution, municipal road aid, and transportation grants. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Jail Fund - The primary purpose of this fund is to account for the jail expenses of the county. The primary sources of receipts for this fund are reimbursements from the state and federal governments, payments from other counties for housing prisoners, and transfers from the general fund. The Department for Local Government requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Local Government Economic Assistance Fund - The primary purpose of this fund is to account for grants and related disbursements. The primary sources of receipts for this fund are grants from the state and federal governments.

Room Tax Fund - The primary purpose of this fund is to account for the transient room tax collected and submitted to the Edmonson County Tourism and Convention Commission. The primary source of receipts for this fund is the transient room tax from lodging establishments.

Parks and Recreation Fund - The primary purpose of this fund is to account for the expenses of the parks and recreation department. The primary sources of receipts for this fund are transfers from the general fund and recreation tax received from the Edmonson County Recreational Commission.

Emergency 911 Fund - The primary purpose of this fund is to account for the emergency 911 expenses of the county. The primary source of receipts for this fund is the 911 land line telephone surcharge. The Department for Local Government Requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Emergency 911 Wireless Fund - The primary purpose of this fund is to account for certain emergency 911 expenses of the county. The primary source of receipts for this fund is the 911 wireless telephone surcharge. The Department for Local Government Requires the fiscal court to maintain these receipts and disbursements separately from the general fund.

Community Development Block Grant Fund - The primary purpose of this fund is to account for the community development block grant receipts and disbursements to build a satellite location for Lincoln Fire Department. The primary sources of receipts for this fund are grants from the federal grants.

#### **Unbudgeted Fund**

American Rescue Plan Act Fund - The primary purpose of this fund is to account for Coronavirus Relief Fund and related disbursements. The primary sources of receipts for this fund are federal grants.

#### **Note 1. Summary of Significant Accounting Policies (Continued)**

#### D. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board and according to the laws of Kentucky as required by the state local finance officer.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

The state local finance officer does require the American Rescue Plan Act fund to be budgeted. However, the fiscal court did not budget for the funds received in June 2021 as Coronavirus Relief Fund. The funds were not expended in fiscal year 2021.

#### **E.** Edmonson County Elected Officials

Kentucky law provides for election of the officials listed below from the geographic area constituting Edmonson County. Pursuant to state statute, these officials perform various services for the Commonwealth of Kentucky, its judicial courts, the fiscal court, various cities and special districts within the county, and the board of education. In exercising these responsibilities, however, they are required to comply with state laws. Audits of their financial statements are issued separately and individually and can be obtained from their respective administrative offices. These financial statements are not required to be included in the financial statement of the Edmonson County Fiscal Court.

- Circuit Court Clerk
- County Attorney
- Property Valuation Administrator
- County Clerk
- County Sheriff

#### F. Deposits

The government's fund balance is considered to be cash on hand, demand deposits, certificates of deposit, and short-term investments with original maturities of three months or less from the date of acquisition. The government's fund balance includes cash and cash equivalents and investments.

KRS 66.480 authorizes the county to invest in obligations of the United States and of its agencies and instrumentalities, obligations and contracts for future delivery or purchase of obligations backed by the full faith and credit of the United States, obligations of any corporation of the United States government, bonds or certificates of indebtedness of this state, and certificates of deposit issued by or other interest-bearing accounts of any bank or savings and loan institution which are insured by the Federal Deposit Insurance Corporation (FDIC) or which are collateralized, to the extent uninsured, by any obligation permitted by KRS 41.240(4).

#### **Note 1. Summary of Significant Accounting Policies (Continued)**

#### G. Long-term Obligations

The fund financial statement recognizes bond interest, as well as bond issuance costs when received or when paid, during the current period. The principal amount of the debt and interest are reported as disbursements. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as disbursements. Debt proceeds are reported as other adjustments to cash.

#### H. Related Obligations and Joint Ventures

A related organization is an entity for which a primary government is not financially accountable. It does not impose will or have a financial benefit or burden relationship, even if the primary government appoints a voting majority of the related organization's governing board.

Based on this criteria, the following are considered related organizations of the Edmonson County Fiscal Court:

Edmonson County Ambulance Service Edmonson County Water District Edmonson County Planning Commission

#### Note 2. Deposits

The fiscal court maintained deposits of public funds with federally insured banking institutions as required by the Department for Local Government's (DLG) *County Budget Preparation and State Local Finance Officer Policy Manual*. The DLG Manual strongly recommends perfected pledges of securities covering all public funds except direct federal obligations and funds protected by federal insurance. In order to be perfected in the event of failure or insolvency of the depository institution, this pledge or provision of collateral should be evidenced by an agreement between the fiscal court and the depository institution, signed by both parties, that is (a) in writing, (b) approved by the board of directors of the depository institution or its loan committee, which approval must be reflected in the minutes of the board or committee, and (c) an official record of the depository institution. These requirements were met.

# Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a depository institution failure, the government's deposits may not be returned. The government does not have a deposit policy for custodial credit risk, but rather follows the requirements of the DLG County Budget Preparation and State Local Finance Officer Policy Manual. As of June 30, 2021, all deposits were covered by FDIC insurance or a properly executed collateral security agreement.

#### Note 3. Transfers

The table below shows the interfund operating transfers for fiscal year 2021.

#### Note 5. Contingencies

The county is involved in multiple lawsuits. While individually they may not be significant, in the aggregate they could negatively impact the county's financial position. Due to the uncertainty of the litigation, a reasonable estimate of the financial impact on the county cannot be made at this time.

#### Note 6. Employee Retirement System

The fiscal court has elected to participate, pursuant to KRS 78.530, in the County Employees Retirement System (CERS), which is administered by the Board of Trustees of the Kentucky Retirement Systems (KRS). This is a cost-sharing, multiple-employer, defined benefit pension plan, which covers all eligible full-time employees and provides for retirement, disability, and death benefits to plan members. Benefit contributions and provisions are established by statute. Effective April 1, 2021, the Kentucky Retirement Systems as an agency of the Commonwealth is now known as the Kentucky Public Pensions Authority (KPPA). The governance of CERS has been transferred to a separate 9-member board of trustees that is responsible for the governance of the CERS pension and insurance plans.

The county's contribution for FY 2019 was \$299,003, FY 2020 was \$350,379, and FY 2021 was \$384,036.

#### Nonhazardous

Nonhazardous covered employees are required to contribute 5 percent of their salary to the plan. Nonhazardous covered employees who begin participation on or after September 1, 2008, are required to contribute 6 percent of their salary to be allocated as follows: 5 percent will go to the member's account and 1 percent will go to the KRS insurance fund.

In accordance with Senate Bill 2, signed by the Governor on April 4, 2013, plan members who began participating on or after January 1, 2014, were required to contribute to the Cash Balance Plan. The Cash Balance Plan is known as a hybrid plan because it has characteristics of both a defined benefit plan and a defined contribution plan. Members in the plan contribute a set percentage of their salary each month to their own accounts. Nonhazardous covered employees contribute 5 percent of their annual creditable compensation.

#### Note 6. Employee Retirement System (Continued)

#### Nonhazardous (Continued)

Nonhazardous members also contribute 1 percent to the health insurance fund which is not credited to the member's account and is not refundable. The employer contribution rate is set annually by the KRS Board of Directors based on an actuarial valuation. The employer contributes a set percentage of the member's salary. Each month, when employer contributions are received, an employer pay credit is deposited to the member's account. A member's account is credited with a 4 percent employer pay credit. The employer pay credit represents a portion of the employer contribution.

Benefits fully vest on reaching five years of service for nonhazardous employees. Aspects of benefits for nonhazardous employees include retirement after 27 years of service or age 65. Nonhazardous employees who begin participation on or after September 1, 2008, must meet the rule of 87 (member's age plus years of service credit must equal 87, and the member must be a minimum of 57 years of age) or the member is age 65, with a minimum of 60 months service credit.

The county's contribution rate for nonhazardous employees was 24.06 percent.

#### Other Post-Employment Benefits (OPEB)

#### A. Health Insurance Coverage - Tier 1

CERS provides post-retirement health care coverage as follows:

For members participating prior to July 1, 2003, years of service and respective percentages of the maximum contribution are as follows:

|                  |                          | % Paid by Member through |
|------------------|--------------------------|--------------------------|
| Years of Service | % Paid by Insurance Fund | Payroll Deduction        |
| 20 or more       | 100%                     | 0%                       |
| 15-19            | 75%                      | 25%                      |
| 10-14            | 50%                      | 50%                      |
| 4-9              | 25%                      | 75%                      |
| Less than 4      | 0%                       | 100%                     |

As a result of House Bill 290 (2004 General Assembly), medical insurance benefits are calculated differently for members who began participation on or after July 1, 2003. Once members reach a minimum vesting period of ten years, non-hazardous employees whose participation began on or after July 1, 2003, earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually based on the retiree cost of living adjustment, which is updated annually due to changes in the Consumer Price Index.

Benefits are covered under KRS 78.5536 with exception of COLA and retiree health benefits after July 2003.

#### B. Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous

Once members reach a minimum vesting period of 15 years, they earn ten dollars per month for insurance benefits at retirement for every year of earned service without regard to a maximum dollar amount. This dollar amount is subject to adjustment annually by 1.5 percent.

#### NOTES TO FINANCIAL STATEMENT June 30, 2021 (Continued)

#### Note 6. Employee Retirement System (Continued)

Other Post-Employment Benefits (OPEB) (Continued)

#### B. Health Insurance Coverage - Tier 2 and Tier 3 - Nonhazardous (Continued)

This was established for Tier 2 members during the 2008 Special Legislative Session by House Bill 1. During the 2013 Legislative Session, Senate Bill 2 was enacted, creating Tier 3 benefits for members.

The monthly insurance benefit has been increased annually as a 1.5 percent cost of living adjustment (COLA) since July 2003 when the law changed. The annual increase is cumulative and continues to accrue after the member's retirement.

Tier 2 member benefits are covered by KRS 78.5536 with exception of COLA and retiree health benefits after July 2003. Tier 3 members are not covered by the same provisions.

#### C. Cost of Living Adjustments - Tier 1

The 1996 General Assembly enacted an automatic cost of living adjustment (COLA) provision for all recipients of KRS benefits. During the 2008 Special Session, the General Assembly determined that each July beginning in 2009, retirees who have been receiving a retirement allowance for at least 12 months will receive an automatic COLA of 1.5 percent.

The COLA is not a guaranteed benefit. If a retiree has been receiving a benefit for less than 12 months, and a COLA is provided, it will be prorated based on the number of months the recipient has been receiving a benefit.

#### D. Cost of Living Adjustments - Tier 2 and Tier 3

No COLA is given unless authorized by the legislature with specific criteria. To this point, no COLA has been authorized by the legislature for Tier 2 or Tier 3 members.

#### E. Death Benefit

If a retired member is receiving a monthly benefit based on at least 48 months of service credit, KPPA will pay a \$5,000 death benefit payment to the beneficiary designated by the member specifically for this benefit. Members with multiple accounts are entitled to only one death benefit.

#### KRS Annual Financial Report and Proportionate Share Audit Report

KRS issues a publicly available annual financial report that includes financial statements and required supplementary information on CERS. This report may be obtained by writing the Kentucky Public Pensions Authority, 1260 Louisville Road, Frankfort, KY 40601-6124, or by telephone at (502) 564-4646.

KPPA also issues proportionate share audit reports for both total pension liability and other post-employment benefits for CERS determined by actuarial valuation as well as each participating county's proportionate share. Both the Schedules of Employer Allocations and Pension Amounts by Employer and the Schedules of Employer Allocations and OPEB Amounts by Employer reports and the related actuarial tables are available online at https://kyret.ky.gov. The complete actuarial valuation report, including all actuarial assumptions and methods, is also available on the website or can be obtained as described in the paragraph above.

#### **Note 7.** Deferred Compensation

The Edmonson County Fiscal Court voted to allow all eligible employees to participate in deferred compensation plans administered by the Kentucky Public Employees' Deferred Compensation Authority. The Kentucky Public Employees' Deferred Compensation Authority is authorized under KRS 18A.230 to 18A.275 to provide administration of tax-sheltered supplemental retirement plans for all state, public school and university employees, and employees of local political subdivisions that have elected to participate.

These deferred compensation plans permit all full-time employees to defer a portion of their salary until future years. The deferred compensation is not available to employees until termination, retirement, death, or unforeseeable emergency. Participation by eligible employees in the deferred compensation plans is voluntary.

Historical trend information showing the Kentucky Public Employees' Deferred Compensation Authority's progress in accumulating sufficient assets to pay benefits when due is presented in the Kentucky Public Employees' Deferred Compensation Authority's annual financial report. This report may be obtained by writing the Kentucky Public Employees' Deferred Compensation Authority at 501 High Street, 2nd Floor, Frankfort, KY 40601, or by telephone at (502) 573-7925.

#### Note 8. Insurance

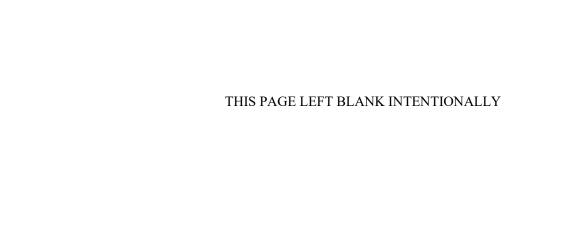

For the fiscal year ended June 30, 2021, the Edmonson County Fiscal Court was a member of the Kentucky Association of Counties' All Lines Fund (KALF). KALF is a self-insurance fund and was organized to obtain lower cost coverage for general liability, property damage, public officials' errors and omissions, public liability, and other damages. The basic nature of a self-insurance program is that of collectively shared risk by its members. If losses incurred for covered claims exceed the resources contributed by the members, the members are responsible for payment of the excess losses.

#### Note 9. Conduit Debt

From time to time, the county has issued bonds to provide financial assistance to industries in Edmonson County for the acquisition and construction of industrial and commercial facilities deemed to be in the public interest, in accordance with KRS 103.210. This debt may take the form of certain types of limited-obligation revenue bonds, certificates of participation, or similar debt instruments. Although conduit debt obligations bear the Edmonson County Fiscal Court's name as issuer, the fiscal court has no obligation for such debt beyond the resources provided by a lease or loan with the third party on whose behalf it is issued. Neither the fiscal court nor any political subdivision thereof is obligated in any manner for repayment of the bonds. Accordingly, the bonds are not reported as liabilities in the accompanying financial statement. As of June 30, 2021, conduit debt has been issued but the amount currently outstanding is not reasonably determinable.

### EDMONSON COUNTY NOTES TO REGULATORY SUPPLEMENTARY INFORMATION - BUDGETARY COMPARISON SCHEDULES

June 30, 2021

#### Note 1. Budgetary Information

Annual budgets are adopted on a regulatory basis of accounting which is a basis of accounting other than accounting principles generally accepted in the United States of America (GAAP) as established by the Governmental Accounting Standards Board and according to the laws of Kentucky as required by the state local finance officer.

The county judge/executive is required to submit estimated receipts and proposed disbursements to the fiscal court by May 1 of each year. The budget is prepared by fund, function, and activity and is required to be adopted by the fiscal court by July 1.

The fiscal court may change the original budget by transferring appropriations at the activity level; however, the fiscal court may not increase the total budget without approval by the state local finance officer. Disbursements may not exceed budgeted appropriations at the activity level.

REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF THE FINANCIAL STATEMENT PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

# MIKE HARMON AUDITOR OF PUBLIC ACCOUNTS

The Honorable Wil Cannon, Edmonson County Judge/Executive Members of the Edmonson County Fiscal Court

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of The Financial Statement Performed In Accordance With *Government Auditing Standards* 

#### Independent Auditor's Report

We have audited, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the Statement of Receipts, Disbursements, and Changes in Fund Balances - Regulatory Basis of the Edmonson County Fiscal Court for the fiscal year ended June 30, 2021, and the related notes to the financial statement which collectively comprise the Edmonson County Fiscal Court's financial statement and have issued our report thereon dated April 19, 2022.

#### **Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered the Edmonson County Fiscal Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Edmonson County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Edmonson County Fiscal Court's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings and Responses, we identified certain deficiencies in internal control that we consider to be material weaknesses.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Responses as items 2021-001 and 2021-002 to be material weaknesses.

Report On Internal Control Over Financial Reporting And On Compliance And Other Matters Based On An Audit Of The Financial Statement Performed In Accordance With *Government Auditing Standards* (Continued)

#### **Compliance And Other Matters**

As part of obtaining reasonable assurance about whether the Edmonson County Fiscal Court's financial statement is free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Responses as items 2021-001 and 2021-002.

#### Views of Responsible Official and Planned Corrective Action

Edmonson County's views and planned corrective action for the findings identified in our audit are included in the accompanying Schedule of Findings and Responses. The county's responses were not subjected to the auditing procedures applied in the audit of the financial statement, and accordingly, we express no opinion on them.

#### **Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Mike Harmon

Auditor of Public Accounts

# EDMONSON COUNTY SCHEDULE OF FINDINGS AND RESPONSES

For The Year Ended June 30, 2021

#### EDMONSON COUNTY SCHEDULE OF FINDINGS AND RESPONSES

#### For The Year Ended June 30, 2021

#### **FINANCIAL STATEMENT FINDINGS**:

2021-001 The Edmonson County Fiscal Court Does Not Have Adequate Internal Controls Over Procurement

This is a repeat finding and was included in the prior year audit report as finding 2020-001. During fiscal year 2021, the Edmonson County Fiscal Court had material weaknesses over procurement. The following findings were noted regarding the Edmonson County Fiscal Court's procurement process:

- The fiscal court failed to keep documentation of state contract prices for three purchases totaling \$95,441 that were made from state contract vendors.
- The fiscal court paid for courthouse elevator repairs in the amount of \$36,900. The treasurer was instructed by an Administrative Office of the Courts facilities administrator to mark the job as an emergency repair. In lieu of utilizing competitive sealed bidding under KRS 45A.365, the county used noncompetitive negotiation under KRS 45A.380 to procure the services of the company that provided maintenance for the elevator pursuant to an elevator service agreement. In doing so, the county judge/executive failed to make the written determinations required by that statute. Moreover, contrary to KRS 45A.343(2), the contract with the elevator service company did not include disclosures by the contractor and subcontractors of violations of, and compliance with, specified statutes.
- The fiscal court orders state that all road materials bids were accepted. The ability to award multiple bids was not included in the bid solicitation.
- On November 23, 2020, the fiscal court approved to advertise for bids for a paver. At that same fiscal court meeting, the fiscal court approved for the road supervisor to travel to Florida to look at a paver. When the road supervisor returned from Florida he brought a sealed bid from the company whose paver he had examined. This sealed bid was dated December 1, 2020. However, the bid advertisement did not run in the newspaper until December 3 and 10, 2020. This advertisement was specific for a 2015 Caterpillar AP-1055F track paver, which was the same year, make, and model of paver that the road supervisor had previously traveled to Florida to inspect. On December 14, 2020, the fiscal court approved the purchase of the paver in the amount of \$148,000 from the company in Florida. However, there was no mention made of opening or accepting bids in the fiscal court orders.
- The bid accepted for asphalt had a clause for fluctuation in petroleum-based products, allowing the vendor the right to adjust the proposal price (+ or -) at the time of installation to reflect changes in petroleum-based products using the Kentucky Average Price Index (KAPI) as published by the Kentucky Transportation Cabinet. The county treasurer emails the vendor at the beginning of each month to get the new asphalt price and she verifies the increase with the KAPI. However, there was no documentation to support the verification of the KAPI or that the amount per the invoice is correct.

The county judge/executive stated that the fiscal court makes it a practice to accept all bids for road materials to allow the county to use the vendor that has the best price in relation to the location of the road project. Additionally, the county treasurer stated she was not aware that it was necessary to maintain the supporting documentation for state contract vendors.

As a result, the fiscal court was not in compliance with procurement laws or their administrative code. In addition, the fiscal court might not have received the best value for services or products provided.

#### FINANCIAL STATEMENT FINDINGS: (Continued)

2021-001 The Edmonson County Fiscal Court Lacks Adequate Internal Controls Over Procurement (Continued)

Strong internal controls require management to monitor disbursements and purchase orders to ensure compliance with procurement laws, and to keep good records of all bids and other procurement transactions. Good internal controls would also include requiring the documentation of agreement of bid elements included on invoices, such as the KAPI amounts, to sources referenced in the original bid documents or specifications as part of state contract memorandum of agreement. KRS 178.140(1) states, "[a]ll bids for the construction or maintenance of county roads and bridges shall be received at the time and place specified in the advertisement and shall be opened publicly at the time of awarding, and the amount of items comprising each bid shall be publicly announced." In addition, KRS 178.140(2) states, "[t]he contract shall be awarded to the lowest and best bidder, who shall furnish satisfactory security in an amount equal to the amount of the contract in question, to be approved by the county judge/executive of the county."

KRS 45A.365(1) states, "[a]ll contracts and purchases shall be awarded by competitive seal bidding, which may include the use of a reverse auction, except as otherwise provided by KRS 45A.370 to 45A.385[.]" Additionally, KRS 45A.365(2) states, "[t]he invitation for bids shall state that the award shall be made on the basis of the lowest bid price or the lowest evaluated bid price. If the latter is used, the objective measurable criteria to be utilized shall be set forth in the invitation for bids. The invitation for bids shall include the reciprocal preference for resident bidders described in KRS 45A.494."

KRS 45A.355(1) states, "[e]very determination required by this code shall be in writing and based upon written findings of the public official making the determination. These determinations and written findings shall be retained in the official contract file." Additionally, KRS 45A.380 states, in pertinent part, "[a] local public agency may contract or purchase through noncompetitive negotiation only when a written determination is made that competition is not feasible and it is further determined in writing by a designee of the local public agency that:

- (1) An emergency exists which will cause public harm as a result of the delay in competitive procedures;
- (2) There is a single source within a reasonable geographical area of the product or service to be procured;
- (3) The contract is for the services of a licensed professional, such as attorney, physician, psychiatrist, psychologist, certified public accountant, registered nurse, or educational specialist; a technician such as a plumber, electrician, carpenter, or mechanic; or an artist such as a sculptor, aesthetic painter, or musician, provided, however, that this provision shall not apply to architects or engineers providing construction management services rather than professional architect or engineer services[.]"

Additionally, the Edmonson County Administrative Code Sections 420.4 regarding selection of vendors and contracts states, in part, "[s]ealed bidding procedures shall be followed under the circumstances, conditions and in the manner as set forth by KRS 45A.365." The Edmonson County Administrative Code Section 420.7 regarding selection of vendors and contracts states, "[t]he County Judge/Executive shall submit the bid selected to the Fiscal Court for approval and thereafter shall notify in writing all bidders of the award. If the lowest bid is not selected, the reasons for the selection shall be stated in writing."

We recommend the fiscal court implement internal controls to monitor all procurements in order to ensure that all required elements of bidding procedures are followed. The fiscal court should also ensure that bid prices and other elements included in approved bids, agree to the invoices submitted by vendors. We further recommend the fiscal court document these procedures in the fiscal court minutes and in the bid files including documenting the acceptance of the winning bid in writing in accordance with their administrative code and to be in compliance with KRS 178.140 as it relates to construction or maintenance of county roads and bridges. If the fiscal court does not accept the lowest bid for road materials, they should document the reason in the fiscal court minutes.

#### FINANCIAL STATEMENT FINDINGS: (Continued)

2021-001 The Edmonson County Fiscal Court Does Not Have Adequate Internal Controls Over Procurement (Continued)

#### <u>Views of Responsible Official and Planned Corrective Action:</u>

County Judge/Executive's Response:

- We do not agree with this violation as the state contracts were printed and provided to the Auditor upon immediate request. The State Vendor Contracts for the 3 purchases that were audited were supplied to the Auditor the day they were requested, they had not been printed due to the size of the documents. Going forward the state vendor contracts will be printed and attached to the purchase invoice.
- The Judge Executive office was unfortunately not aware of the requirements of the Emergency Executive Order for the elevator repair, and if this shall arise in the future we will proceed correctly.
- Road Material Bid will include the multiple vendor bids in the future advertisement.
- The Fiscal Court will make bid advertisement more open to multiple vendors in future advertisements.
- We do not agree with this violation due to the fact that the Treasurer follows the KAPI on a monthly basis and even communicates with asphalt company at the first of each month to guarantee the county is paying the correct amount, even having a chart hanging in her office to reflect the monthly price, this along with all the saved emails from the asphalt company, all asphalt invoices are reconciled to an extremely detailed breakdown, including the price on each rock/asphalt ticket. The Judge Executive Office feels this never should have been a violation from the Auditor's, as this step that the Treasurer does is not a requirement, this is her own procedure for her to ensure the County is charged properly. We highly disagree with this violation.

Auditor's Reply: The issue with the state price contracts is not whether they were printed prior to audit, saved electronically prior to audit, or printed on demand during the audit, but rather that at no time was documentation as to actual pricing under the state contracts retained or provided to APA. While the treasurer stated she verified amounts to the Kentucky Average Price Index (KAPI), auditors were not provided any documentation to support that this procedure was actually performed.

2021-002 The Edmonson County Fiscal Court Failed To Accurately Record Activity Of The General Fund And Road Fund On The Fourth Quarter Financial Report

The Edmonson County Fiscal Court's fourth quarter financial report required audit adjustments to the general fund and road fund. Funds of \$218,537 were transferred per the road fund cost allocation worksheet from the road fund to the general fund. Instead of recording the transaction as a transfer, it was recorded as a receipt to general fund and disbursement to the road fund.

Due to the bank accounts associated with these funds, which are in different banks, the county treasurer had to write a check from one bank to another since an inter account transfer was not optional. When the transactions were entered in the accounting system, the treasurer could not determine how to record as a transfer between funds.

As a result of the activity, a transfer of \$218,537 was incorrectly posted as a disbursement of the road fund and receipt of the general fund, which overstated the total operating receipts for the general fund and total operating disbursement for the road fund.

#### FINANCIAL STATEMENT FINDINGS: (Continued)

2021-002 The Edmonson County Fiscal Court Failed To Accurately Record Activity Of The General Fund And Road Fund On The Fourth Quarter Financial Report (Continued)

KRS 68.210 gives the state local finance officer the authority to prescribe a uniform system of accounts. Pursuant to KRS 68.210, the state local finance officer has prescribed minimum accounting and reporting standards in the Department for Local Government's (DLG) *County Budget Preparation and State Local Finance Officer Policy Manual.* Those standards require an accurate financial statement.

We recommend the fiscal court determine a way to enter transfers between different bank accounts correctly in the accounting system in order to reflect an accurate fourth quarter financial report.

#### Views of Responsible Official and Planned Corrective Action:

County Judge/Executive's Response: We were made aware of this issue in the FY20 audit but unfortunately did not have time to correct it due to the fact the State Auditor's were in a rush to begin work on our FY21 audit. This has been corrected for FY22.

Auditor's Reply: We disagree that APA was "in a rush to begin work," as we engaged to perform our work (January 14, 2022) more than six months after the close of the fiscal year (June 30, 2021). Delays in completing the previous audit by a private CPA retained by the fiscal court are outside of our control.
