Independent Auditor's Report

To the People of Kentucky  
The Honorable Andy Beshear, Governor  
Holly M. Johnson, Secretary  
Finance and Administration Cabinet  
The Honorable Scott Alexander, Perry County Judge/Executive  
Members of the Perry County Fiscal Court

**Report on the Audit of the Financial Statement**

***Disclaimer of Opinion***

We were engaged to audit the financial activity contained in the Fourth Quarter Financial Statement, which comprises the financial statement of the Perry County Fiscal Court, for the year ended June 30, 2022.

We do not express an opinion on the accompanying financial activity contained in the Fourth Quarter Financial Statement of the Perry County Fiscal Court. Because of the significance of the matters described in the Basis for Disclaimer of Opinion section of our report, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial activity.

***Basis for Disclaimer of Opinion***

The Perry County Fiscal Court failed to establish adequate internal controls which resulted in the failure to maintain accurate and reliable supporting documentation. During the audit, auditors were unable to obtain audit documentation for several areas of the audit and additional time was given to obtain this documentation. Once this documentation was obtained, this information was still inaccurate and unreliable to support audit objectives. Due to the county's failure to maintain adequate accounting records, and other failures noted below, we were unable to perform sufficient audit procedures to overcome the significant risks. Therefore, we cannot issue an opinion on the Perry County Fiscal Court's financial statement or give reasonable assurance the financial statement is free from material error or fraud.

***Responsibilities of Management for the Financial Statement***

Perry County Fiscal Court's management is responsible for the preparation and fair presentation of the financial statement in accordance with accounting practices prescribed or permitted by the Department for Local Government to demonstrate compliance with the Commonwealth of Kentucky's regulatory basis of accounting and budget laws. This includes determining that the regulatory basis of accounting is an acceptable basis for the preparation of the financial statement in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of a financial statement that is free from material misstatement, whether due to fraud or error.

To the People of Kentucky  
 The Honorable Andy Beshear, Governor  
 Holly M. Johnson, Secretary  
 Finance and Administration Cabinet  
 The Honorable Scott Alexander, Perry County Judge/Executive  
 Members of the Perry County Fiscal Court

***Auditor’s Responsibilities for the Audit of the Financial Statement***

Our responsibility is to conduct an audit of Perry County Fiscal Court’s financial statement in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and the Fiscal Court Audit Guide issued by the Auditor of Public Accounts, Commonwealth of Kentucky, and to issue an auditor’s report. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on the financial statement.

We are required to be independent of Perry County Fiscal Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

***Other Matter***

We were engaged to express an opinion on whether the Schedule of Expenditures of Federal Awards (SEFA), as required by Title 2 U.S. Code of Federal Regulations (CFR) Part 200, *Uniform Administrative Requirements, Cost Principles, and Audit Requirements for Federal Awards* (Uniform Guidance) is fairly stated, in all material respects, in relation to the financial statement as a whole. Because of the matter described in the Basis for Disclaimer of Opinion section of our report, it is inappropriate to, and we do not express an opinion on the SEFA in relation to the financial statement.

***Other Reporting Required by Government Auditing Standards***

In accordance with *Government Auditing Standards*, we have also issued our report dated May 15, 2024, on our consideration of the Perry County Fiscal Court’s internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Perry County Fiscal Court’s internal control over financial reporting and compliance.

Based on the results of our audit, we present the accompanying Schedule of Findings and Questioned Costs included herein, which discusses the following report findings:

- 2022-001 The Perry County Fiscal Court Failed To Implement And Maintain An Effective Internal Control Environment
- 2022-002 The Perry County Fiscal Court Should Seek Guidance On The Transfer Of Financial Management Activities Of The Sanitation District No.1 Of Perry County
- 2022-003 The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Cash, Receipts, And The Reporting Process
- 2022-004 The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Debt And Reporting
- 2022-005 The Perry County Fiscal Court Failed To Implement Proper Internal Controls Over Disbursements

To the People of Kentucky  
The Honorable Andy Beshear, Governor  
Holly M. Johnson, Secretary  
Finance and Administration Cabinet  
The Honorable Scott Alexander, Perry County Judge/Executive  
Members of the Perry County Fiscal Court

**Other Reporting Required by *Government Auditing Standards* (Continued)**

- 2022-006 The Schedule Of Expenditures Of Federal Awards Did Not Provide Sufficient And Appropriate Evidence To Support Compliance With Each Major Program
- 2022-007 The Perry County Fiscal Court Failed To Implement Proper Internal Controls Over Federal Programs

Respectfully submitted,

Allison Ball  
Auditor of Public Accounts  
Frankfort, Ky

Report On Internal Control Over Financial Reporting And  
On Compliance And Other Matters Based On An Audit Of The Financial  
Statement Performed In Accordance With *Government Auditing Standards*

Independent Auditor's Report

The Honorable Scott Alexander, Perry County Judge/Executive  
Members of the Perry County Fiscal Court

We were engaged to audit, in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards issued by the Comptroller General of the United States, the financial activity contained in the fourth quarter financial statement of the Perry County Fiscal Court for the fiscal year ended June 30, 2022, and have issued our report thereon dated May 15, 2024. Our report disclaims an opinion on the fourth quarter financial statement of the Perry County Fiscal Court because of the failure to maintain sufficient supporting documentation and accounting records, not having segregation of duties, and management override of controls.

**Internal Control Over Financial Reporting**

In planning and performing our audit of the financial statement, we considered the Perry County Fiscal Court's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the Perry County Fiscal Court's internal control. Accordingly, we do not express an opinion on the effectiveness of the Perry County Fiscal Court's internal control.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be material weaknesses or significant deficiencies, and therefore, material weaknesses or significant deficiencies may exist that have not been identified. However, as described in the accompanying Schedule of Findings Questioned Costs, we identified certain deficiencies in internal control that we consider to be material weaknesses.

*A deficiency in internal control* exists when the design or operation of a control does not allow management or employees in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. *A material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statement will not be prevented or detected and corrected on a timely basis. We consider the deficiencies described in the accompanying Schedule of Findings and Questioned Costs as items 2022-001, 2022-002, 2022-003, 2022-004, 2022-005, and 2022-006 to be material weaknesses.

Report On Internal Control Over Financial Reporting And  
On Compliance And Other Matters Based On An Audit Of The Financial  
Statement Performed In Accordance With *Government Auditing Standards*  
(Continued)

**Compliance And Other Matters**

In connection with our engagement to audit the financial statement of the Perry County Fiscal Court, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statement. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards* and which are described in the accompanying Schedule of Findings and Questioned Costs as items 2022-001, 2022-002, 2022-003, 2022-004, 2022-005, and 2022-006.

**Views of Responsible Official and Planned Corrective Action**

Perry County's views and planned corrective action for the findings identified in our audit are included in the accompanying Schedule of Findings and Questioned Costs. The county's responses were not subjected to the auditing procedures applied in the audit of the financial statement, and accordingly, we express no opinion on them.

**Purpose of this Report**

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

Respectfully submitted,

Allison Ball

In Accordance With The Uniform Guidance

Independent Auditor's Report

The Honorable Scott Alexander, Perry County Judge/Executive  
Members of the Perry County Fiscal Court

**Report on Compliance for Each Major Federal Program**

We were engaged to audit the Perry County Fiscal Court's compliance with the types of compliance requirements identified as subject to audit in the Office of Management and Budget (OMB) Compliance Supplement that could have a direct and material effect on each of Perry County Fiscal Court' for the year ended June 30, 2022. The Perry County Fiscal Court's major federal programs are identified in the Summary of Auditor's Results section of the accompanying Schedule of Findings and Questioned Costs.

**Disclaimer of Opinion on CFDA 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)**

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the compliance requirements referred to above that could have a direct and material effect on the Perry County Fiscal Court's major federal programs for fiscal year ended June 30, 2022.

**Basis for Disclaimer Opinion on CFDA 97.036 Disaster Grants - Public Assistance (Presidentially Declared Disasters)**

During the audit, the county failed to establish adequate internal controls which resulted in the failure to maintain accurate and reliable supporting documentation. Due to the risks identified, we were unable to perform sufficient audit procedures to overcome the risk of material misstatement and noncompliance. The significance of these matters, in the aggregate, prevents us from placing reliance on schedule of expenditures of federal awards and from expressing an opinion on the compliance requirements referred to above related to the major federal programs for the year ended June 30, 2022.

**Disclaimer of Opinion on CFDA 23.002 – Appalachian Area Development**

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the compliance requirements referred to above that could have a direct and material effect on the Perry County Fiscal Court's major federal programs for fiscal year ended June 30, 2022.

**Basis for Disclaimer Opinion on CFDA 23.002 – Appalachian Area Development**

During the audit, the county failed to establish adequate internal controls which resulted in the failure to maintain accurate and reliable supporting documentation. Due to the risks identified, we were unable to perform sufficient audit procedures to overcome the risk of material misstatement and noncompliance. The significance of these matters, in the aggregate, prevents us from placing reliance on schedule of expenditures of federal awards and from expressing an opinion on the compliance requirements referred to above related to the major federal programs for the year ended June 30, 2022.

**Disclaimer of Opinion on CFDA 21.027 – COVID-19 - Coronavirus State and Local Fiscal Recovery Funds**

Because of the significance of the matters described in the Basis for Disclaimer of Opinion paragraph, we have not been able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion. Accordingly, we do not express an opinion on the compliance requirements referred to above that could have a direct and material effect on the Perry County Fiscal Court's major federal programs for fiscal year ended June 30, 2022.

**Basis for Disclaimer Opinion on CFDA 21.027 – COVID-19 - Coronavirus State and Local Fiscal Recovery Funds**

During the audit, the county failed to establish adequate internal controls which resulted in the failure to maintain accurate and reliable supporting documentation. Due to the risks identified, we were unable to perform sufficient audit procedures to overcome the risk of material misstatement and noncompliance. The significance of these matters, in the aggregate, prevents us from placing reliance on schedule of expenditures of federal awards and from expressing an opinion on the compliance requirements referred to above related to the major federal programs for the year ended June 30, 2022.

**Responsibilities of Management for Compliance**

Management is responsible for compliance with the requirements referred to above and for the design, implementation, and maintenance of effective internal control over compliance with the requirements of laws, statutes, regulations, rules and provisions of contracts or grant agreements applicable to Perry County Fiscal Court's federal programs.

**Auditor's Responsibilities for the Audit of Compliance**

Our responsibility is to conduct an audit of compliance in accordance with GAAS, Government Auditing Standards, and the Uniform Guidance and to issue an auditor's report for the year ended June 30, 2022. However, because of the matter described in the Basis for Disclaimer of Opinion section of our report, we were not able to obtain sufficient appropriate audit evidence to provide a basis for an audit opinion on compliance.

We are required to be independent of Perry County Fiscal Court and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and any significant deficiencies and material weaknesses in internal control over compliance that we identified during the audit.

**Report on Internal Control Over Compliance**

Our consideration of internal control over compliance was for the limited purpose described in the Auditor's Responsibilities for the Audit of Compliance section above and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies in internal control over compliance. However, as discussed below, we did identify a certain deficiency in internal control over compliance that we consider to be a material weakness.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis. We consider the deficiency in internal control over compliance described in the accompanying Schedule of Findings and Questioned Costs as item 2022-007 to be a material weakness.

Government Auditing Standards requires the auditor to perform limited procedures on Perry County Fiscal Court's response to the internal control over compliance findings identified in our audit described in the accompanying schedule of findings and questioned costs. Perry County Fiscal Court's response was not subjected to the other auditing procedures applied in the audit of compliance and, accordingly, we express no opinion on the response.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the result of that testing based on the requirements of the Uniform Guidance. Accordingly, this report is not suitable for any other purpose.

**Section II: Financial Statement Findings**

2022-001 The Perry County Fiscal Court Failed To Implement And Maintain An Effective Internal Control Environment

---

This is a repeat finding and was included in the prior year audit report as finding 2021-001. The Perry County Fiscal Court failed to establish adequate internal controls, which resulted in the failure to maintain accurate and reliable supporting documentation. During the audit, auditors were unable to obtain audit documentation for several areas of the audit and additional time was given to obtain this documentation. Once this documentation was obtained, this information was found to be inaccurate and unreliable to support audit objectives. Due to the county's failure to maintain adequate accounting records, and other failures noted below, the auditors were unable to perform sufficient audit procedures to overcome the significant risks. Therefore, we cannot provide the Perry County Fiscal Court an opinion or give reasonable assurance on whether the financial statement is free from material error or fraud, or on compliance for each major federal program. A disclaimer of opinion will be issued.

The following issues were noted for audit procedures unable to be performed:

- The Perry County Fiscal Court Should Seek Guidance On The Transfer Of Financial Management Activities Of The Sanitation District No. 1 Of Perry County
- The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Cash, Receipts, And The Reporting Process
- The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Debt And The Reporting Process
- The Perry County Fiscal Court Failed To Implement Proper Internal Controls Over Disbursements
- Schedule Of Expenditures Of Federal Awards Did Not Provide Sufficient And Appropriate Evidence To Support Compliance With Each Major Program
- The Perry County Fiscal Court Failed To Implement Proper Internal Controls Over Federal Programs

The Perry County Fiscal Court did not provide sufficient oversight for management's day-to-day financial activity of the county. Established internal control procedures were not followed to ensure compliance with laws and regulations.

The Perry County Fiscal Court's current practices could create an environment for potential undetected material misstatements in the financial statement caused either by error or fraud. The noted weaknesses could affect the fiscal court's ability to ensure that financial data is recorded, processed, and reported in an accurate and reliable manner and ensure that assets are sufficiently safeguarded. If the Perry County Fiscal Court continues with poor financial practices and does not improve its internal control structure, taxpayer monies will continue to be at risk. In addition, various local and state agencies that rely on and monitor the financial and program activity of the Perry County Fiscal Court cannot rely on nor have any confidence in the reports submitted by the Perry County Fiscal Court.

Proper accounting procedures and internal controls require the financial statement be supported with accurate underlying accounting records. Strong internal controls over financial reporting are vital to ensure the fiscal court's financial statement accurately reflects the financial activity of the fiscal court and ensures compliance with applicable laws and regulations. Additionally, complete and accurate financial records can ensure expenditures are made only when sufficient funds are available, and receipts are properly recorded.

2 CFR 200.303 states, in part, "The non-Federal entity must: (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

2022-001 The Perry County Fiscal Court Failed To Implement And Maintain An Effective Internal Control Environment (Continued)

---

We recommend the fiscal court provide sufficient management oversight of the day-to-day financial activities of the county. We further recommend the fiscal court improve its overall control environment to ensure sufficient accounting records are maintained to support transactions, accounts are reconciled, bills are paid timely, and duties are adequately segregated to safeguard public assets. Only with a strong internal controls system can the fiscal court prepare and ensure complete and accurate financial reports are completed, and the county is in compliance with each major federal programs' guideline. This finding will be referred to the Kentucky Department for Local Government.

*County Judge/Executive's Response: Perry County Fiscal Court will implement stringent internal controls, conduct regular reconciliations, and establish clear procedures for cash handling, receipts, and financial reporting to ensure accuracy and accountability.*

2022-002 The Perry County Fiscal Court Should Seek Guidance On The Transfer Of Financial Management Activities Of The Sanitation District No. 1 Of Perry County

---

This is a repeat finding and was included in the prior year audit report as finding 2021-002. During the previous fiscal year, the Sanitation District No. 1 of Perry County and the Perry County Fiscal Court agreed that the fiscal court would take over the financial accounting of the sanitation district. Once the county started maintaining the bank accounts, the county treasurer included the sanitation district maintenance and operation account on the fourth quarter financial statement. The county treasurer did not include all receipts or disbursements of the Sanitation District No. 1 on the fourth quarter financial statement.

Per the minutes of the fiscal court, the county would receive all the funds and the sanitation district would approve the expenditures before the treasurer wrote the check. However, the fiscal court added these sanitation claims to the fiscal court claims list, and the fiscal court approved these claims. Once the claims were approved, the county treasurer and county judge/executive would sign the checks. Therefore, no documented oversight from the sanitation board was obtained for these expenditures.

The county judge/executive, county treasurer, fiscal court members, and the sanitation district board members have not determined how the sanitation fund should operate, causing inconsistency in how claims were approved and paid during the audit period. In addition, no documented oversight and review procedures were in place to ensure funds were expended for their intended purpose.

The fiscal court did not follow guidelines set forth by the Department for Local Government (DLG) for handling public funds. In addition, the sanitation district did not document its approved bills prior to the fiscal court voting on the bills to be paid by the county treasurer. Neither entity complied with its given mandates; therefore, this created confusion to the taxpayer on the responsibilities of each entity.

2022-002 The County Should Seek Guidance On The Transfer Of Financial Management Activities Of The Sanitation District No. 1 Of Perry County (Continued)

---

The Department for Local Government (DLG), under the authority of KRS 68.210, gives the state local finance officer the authority to prescribe minimum requirements for handling public funds. According to the *County Budget Preparation and State Local Finance Officer Policy Manual*, the uniform system of accounts requires the original budget and amendments to agree to the quarterly reports. In addition, KRS 68.240 defines the duties of fiscal court as “(1) The county judge/executive shall annually prepare a proposed budget for the expenditure of all funds, including those from state and federal sources, which are to be expended by the fiscal court in the next fiscal year. The proposed budget shall be classified into budget units as outlined in subsection (2) of this section. In addition to preparing a reasonable estimate of the funds actually needed for both general and special purposes, the county judge/executive shall prepare an estimated statement of receipts to be anticipated from local, state and federal sources. The county judge/executive shall submit the proposed budget and estimate of receipts to the fiscal court by May 1 of each year.” Lastly, good internal controls require documented policies and procedures to be put in place to ensure sufficient oversight and administration of all county funds.

We recommend the fiscal court seek written guidance from the county attorney and the Department for Local Government to determine all legal ramifications of taking over the financial duties of a separate entity. In addition, we recommend the fiscal court properly budget and account for all monies received and deposited into the custody of the fiscal court.

*County Judge/Executive’s Response: Perry County Fiscal Court has transferred the sanitation account to Chris Gooch, CPA located 132 E Main St. Hazard, KY.*

2022-003 The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Cash, Receipts, And The Reporting Process

---

This is a repeat finding and was included in the prior year audit report as finding 2021-003. The county lacks proper internal controls over the cash, receipt, and reporting functions. We noted the following:

- During the review of bank reconciliations, a check written for health insurance in the amount of \$63,775 was listed as an outstanding check. However, the check number listed was not the check number that cleared the bank. The original check was found, and upon investigation, the auditor’s noted the check was reissued to the vendor. However, the original check was not voided in the system. This check was recorded in the ledgers in fiscal year 21 and fiscal year 22.
- During the fiscal year, the treasurer deposited various fund receipts into the General Fund then made a transfer from the General Fund. We were unable to determine if all restricted receipts were returned to the appropriate funds.
- There was no documented evidence of the review of bank reconciliations, bank statements, and deposits by someone independent of the recording and reporting functions.
- The fourth quarter report and bank reconciliations were incorrect.
- The Road Fund is owed monies from the Jail Fund due to an occurrence in the fiscal year ending June 30, 2018, that has not been remedied. As a result, the Jail Fund owes the Road Fund \$201,601.
- The payroll account was not properly reconciled.
- The county failed to reconcile and prepare a financial statement for the Justice Center Corporation Fund.

2022-003 The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Cash, Receipts, And The Reporting Process (Continued)

---

- The county failed to include \$206,133 in the Jail Fund for unused proceeds from the refinancing of a bank note.
- The fiscal court failed to approve cash transfers between county funds.

The county failed to implement internal controls over cash, receipt, and reporting processes. Without having proper internal controls over cash, receipt, and reporting processes the county could be at risk for misappropriation of assets and/or inaccurate financial reporting. Transferring of funds for uses other than prescribed by law may result in penalties, fines, or funds being required to be returned.

The quarterly report is a cumulative report and is prepared on a regulatory basis by the county judge/executive and the county treasurer pursuant to KRS 68.210. KRS 68.210 states, “[t]he administration of the county uniform budget system shall be under the supervision of the state local finance officer who may inspect and shall supervise the administration of accounts and financial operations and shall prescribe and shall install, by July 1, 1985, a system of uniform accounts for all counties and county officials.” This uniform system of accounts, as outlined in the Kentucky Department for Local Government’s (DLG) *County Budget Preparation and State Local Officer Policy Manual*, requires the fourth quarter financial report to be utilized for reporting. Also, DLG’s *County Budget Preparation and State Local Finance Officer Policy Manual* requires daily deposits be made intact into a federally insured banking institution.

KRS 68.110 prohibits the use of funds from road fund monies for other purposes not associated with roads stating, “[t]he fiscal court shall not in any year expend any money in excess of the amount annually levied and collected for that year or levied, collected or appropriated for any special purpose.” However, the Road Fund is permitted to transfer, based on the road cost allocation sheet provided by the Department for Local Government, monies to the general fund. Furthermore, compensating controls over the cash and reconciliation functions when staff is limited is essential for providing protection from asset misappropriation and/or fraud.

We recommend the fiscal court separate the duties of the cash and reconciliation process. If these duties cannot be segregated due to limited staff or limited budget, then strong oversight should be provided to the employee responsible for these duties.

*County Judge/Executive’s Response: Perry County Fiscal Court will implement stringent internal controls, conduct regular reconciliations, and establish clear procedures for cash handling, receipts, and financial reporting to ensure accuracy and accountability.*

2022-004 The Perry County Fiscal Court Did Not Maintain Adequate Internal Controls Over Debt And Reporting

This is a repeat finding and was included in the prior year audit report as findings 2021-004. The county lacks proper internal controls over debt and reporting functions. During the audit, the treasurer had to obtain bank statements regarding debt issues from a third party. Therefore, no personnel at the county level were reviewing, tracking, or posting these transactions to the financial statement. In addition, we noted the following:

- The Perry County Fiscal Court did not budget for and record all debt related disbursements.
- The Perry County Fiscal Court failed to properly disclose debt on the quarterly financial report.
- The Perry County Fiscal Court obtained financing in the form of a promissory note that exceeds the allowable term permitted.
- The Perry County Fiscal Court failed to maintain proper accounting records for the Justice Center Corporation Fund.

The county failed to implement sufficient monitoring over the debt and reporting process. Failure to maintain proper internal controls over debt and the reporting processes could cause the county to be at risk for misappropriation of assets and/or inaccurate financial reporting. The fiscal court cannot make effective management decisions as it relates to debt service outstanding each fiscal year due to incorrect financial records. The occurrence described above resulted in the liabilities information not accurately being presented to management, regulatory agencies, and other users of the information. Also, adjustments to include this activity on the fourth quarter financial report resulted in county appropriations exceeding the approved budget. In addition, since the promissory note term extends past the end of the fiscal year, it directly violates the Short-term Borrowing Act (KRS 65.7701 – 65.7721).

KRS 68.300 states, in part, “[a]ny appropriation made or claim allowed by the fiscal court in excess of any budget fund, and any warrant or contract not within the budget appropriation, shall be void.” KRS 68.280 gives fiscal courts the ability to amend the budget, when necessary, which would have prevented appropriations from exceeding the approved budget. Because the fiscal court is obligated for these financing obligations, all debt should be budgeted for and recorded.

KRS 68.210 gives the State Local Finance Officer the authority to prescribe a uniform system of accounts as set forth in the Department for Local Government’s (DLG) *County Budget Preparation and State Local Finance Officer Policy Manual*. DLG’s manual requires the liabilities section of the fourth quarter financial report to include the following information multi-year issues, budget account code, description of issue, term, current interest rate, issue date, total principal account, total interest amount, total issue, principal balance remaining, interest balance remaining, less reserve earnings, net outstanding, next payment due, final payment due, short term liabilities, and total outstanding debt.

KRS 65.7707 requires that “[n]otes payable shall mature on a date determined by the governing body which shall be no later than the last day of the fiscal year in which the notes are issued. Interest on notes from the date thereof shall be payable at their maturity or payable in installments at earlier dates. Interest on the notes may be at a rate, rates or method of determining rates the governing body of the governmental agency unit may determine.”

We recommend the fiscal court implement policies and procedures to ensure proper monitoring of debt and the reporting process. In addition, we recommend the fiscal court properly disclosure all debt on the quarterly financial reports, and the county follow the requirements of Kentucky Revised Statutes noted above by budgeting all fiscal court disbursements and amending the budget as necessary to reflect any unanticipated receipts and disbursements when seeking financing in the future.

2022-005 The Perry County Fiscal Court Failed To Implement Proper Internal Controls Over Disbursements

---

This is a repeat finding and was included in the prior year audit report as finding 2021-005. The fiscal court did not follow proper procedures and requirements for disbursements of county funds. The following deficiencies were noted during the testing of 110 total disbursements.

- 17 disbursements were located within the wrong fund totaling \$2,229,830.
- 76 disbursements were missing purchase orders totaling \$5,900,753.
- 33 disbursements were not paid within 30 days totaling \$2,702,551.
- Two invoices supporting credit card purchases were not provided totaling \$36.
- One credit card invoice that was tested showed paid finance charges of \$39.
- Four credit card invoices that were tested showed paid sales tax totaling \$448.
- Four credit card invoices that were tested showed no purchase orders totaling \$369.
- The county's disbursements exceeded approved budgeted appropriations.

The county failed to implement sufficient monitoring over the disbursement process. Proper internal controls over expenditures are important to ensure purchase orders are created with sufficient funds available, include proper supporting documentation, and are paid in a timely manner. The internal control deficiencies noted above resulted in noncompliance with Kentucky Revised Statutes and potential for the misappropriation of assets.

KRS 68.210 gives the state local finance officer the authority to prescribe a uniform system of accounts. Per the *County Budget Preparation and State Local Finance Officer Policy Manual*, issued by the Department for Local Government (DLG), "[p]urchases shall not be made without approval by the judge/executive (or designee), and/or a department head."

KRS 65.140 states, "[a]ll bills for goods or services shall be paid within thirty (30) working days of receipt of a vendor's invoice[.]"

We recommend the fiscal court implement policies and procedures to ensure disbursements are in compliance with applicable statutes and regulations. Additionally, we recommend the fiscal court put into place internal controls to monitor that these policies and procedures are operating effectively.

*County Judge/Executive's Response: Perry County Fiscal Court will enforce robust internal control procedures, require dual authorization for disbursements, and perform regular audits to ensure proper handling of funds.*

2022-006 Schedule of Expenditures Of Federal Awards Did Not Provided Sufficient And Appropriate Evidence To Support Compliance With Each Major Program

---

This is a repeat finding and was included in the prior year audit report as finding 2021-006. The county is required to provide the Department for Local Government with a Schedule of Federal Awards (SEFA) at the end of the fiscal year when the final fourth quarter financial statement is submitted. The county failed to provide the Department of Local Government with the SEFA. When the audit began, auditors requested a SEFA from the county treasurer, and after additional time was given, a SEFA was completed. The SEFA provided was materially incorrect. The following items were found:

- The SEFA provided included three CFDA numbers, two of which was incorrect and ten known CFDA numbers were omitted.
- The SEFA erroneously listed nonfederal grants totaling \$1,998,997.
- The SEFA erroneously excluded \$3,353,985 of known federal expenditures.
- Adjustments had to be made in the amount of \$169,707 to grants that were included.

The fiscal court was aware of this requirement but failed to fulfill the requirement to prepare and submit the SEFA to DLG. The misstatements are the result of a lack of knowledge on the correct way to track and report federal expenditures. The fiscal court failed to implement internal control procedures to ensure the SEFA was accurate and complete. As a result, we were unable to determine whether Perry County Fiscal Court complied with requirements applicable to the program.

When grantees do not implement internal controls to properly oversee administration of federal programs, they cannot ensure they are adhering to federal grant compliance requirements and accounting for all disbursements of appropriate documents. This deficiency could result in noncompliance with the federal grant agreements and affect the fiscal court's ability to receive federal funds in the future.

KRS 68.210 states, "[t]he administration of the county uniform budget system shall be under the supervision of the state local finance officer who may inspect and shall supervise the administration of accounts and financial operations and shall prescribe and shall install a system of uniform accounts for all counties and county officials." The Department for Local Government's *County Budget Preparation and State Local Finance Officer Policy Manual* states that a Schedule of Expenditures of Federal Awards is required to be maintained under the uniform system of accounts.

2 CFR 200.303 states, in part, "The non-Federal entity must: (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

We recommend the fiscal court establish and maintain effective internal control over the federal awards and provide reasonable assurance that the non-federal entity is managing the federal award in compliance with federal statutes, regulations, and the terms and conditions of the federal award. We also recommend the fiscal court contact the Department of Local Government for guidance on how to resolve this issue.

*County Judge/Executive's Response: Perry County Fiscal Court will enhance our documentation procedures, ensure detailed record keeping, and regularly review compliance requirements to provide sufficient and appropriate evidence for each major program.*

*Effect on Audit Opinion: Disclaimer of Opinion*

This is a similar finding and was included in the prior year audit report as finding 2021-007. Due to issues found during the audit of the financial statement of the Perry County Fiscal Court, we cannot rely on the design and implementation of the internal controls with the types of compliance requirements that could have a direct and material effect on each major program. The internal control structure discussed in finding 2022-001 increases the risk associated with federal awards since these transactions are processed in the same internal control environment as other county expenditures where numerous problems have been noted.

The Perry County Fiscal Court did not provide sufficient oversight for management's day-to-day financial activity of the county. Without sufficient oversight, management did not follow established internal control procedures or ensure compliance with laws and regulations.

The Perry County Fiscal Court's current practices could create an environment for potential undetected material misstatements in the financial statement caused either by error or fraud. The noted weaknesses could affect the fiscal court's ability to ensure that financial data is recorded, processed, and reported in an accurate and reliable manner and ensure that assets are sufficiently safeguarded. As a result, there is an increased risk that the Perry County Fiscal Court is not in compliance with the requirements that have a direct and material effect on each major program.

To comply with Uniform Guidance requirements regarding federal grants, the entity must establish adequate internal controls to ensure compliance with each major program's applicable compliance requirements.

2 CFR 200.303 states in part, "The non-Federal entity must: (a) Establish and maintain effective internal control over the Federal award that provides reasonable assurance that the non-Federal entity is managing the Federal award in compliance with Federal statutes, regulations, and the terms and conditions of the Federal award."

We recommend the fiscal court ensure that internal controls exist over federal awards and design and implement internal controls that will ensure material compliance with applicable requirements for all federal awards.
